## **WIRELINER COMPETITION BUREAU SEEKS COMMENT ON REVISIONS TO FCC FORMS 472, 473 AND 474.**

**CC Docket No. 02-6**

**Comment Date: March 27, 2013**  
**Reply Comment Date: April 8, 2013**

Pursuant to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13,<sup>1</sup> the Wireline Competition Bureau is revising existing collection 3060-0856.<sup>2</sup> In this notice, we seek comment on the proposed revisions contained in the attached Federal Communications Commission (FCC) Forms 472, 473, and 474, as well as their accompanying instructions.

The purpose of FCC Form 472 is to establish the procedures for an applicant to seek reimbursement from the E-rate program (also known as the schools and libraries universal service support mechanism)<sup>3</sup> for discounts on services paid in full to its service provider.<sup>4</sup> The Universal Service Administrative Company (USAC) reviews the FCC Form 472 and invoices submitted by the applicant's service provider to verify the eligibility of the service and approve the amounts that should be reimbursed. The FCC Form 472 is also used to ensure that each service provider has provided discounted services within the current funding year for which it submits an invoice to USAC and that these invoices do not exceed the amount that has been approved by USAC.

The purpose of the FCC Form 473 is to ensure that service providers submit invoices to USAC that comply with the FCC's rules governing the E-rate program.<sup>5</sup> Specifically, the FCC Form 473 includes certifications attesting to service providers' compliance with the FCC's rules.

The purpose of FCC Form 474 is to establish the procedures for a service provider to seek payment for the discounted costs of services it provided to applicants for eligible services.<sup>6</sup> USAC reviews the service provider's FCC Form 474 and invoices to verify eligibility and approve amounts that
