ECF funding applications are due by August 13, 2021

WC Docket No. 21-93

Washington, D.C. – On Tuesday, August 3 starting at 2:00 p.m. EDT, the FCC will host a virtual webinar to provide additional information about the Emergency Connectivity Fund (ECF) Program, on [fcc.gov/live](https://www.fcc.gov/live). Registration is not required for the event.

The webinar will highlight frequently asked questions about the ECF Program and application process. Participants will also have an opportunity to submit any additional questions they may have during, or in advance, of the event. The webinar will be recorded and available on the FCC's website.

The ECF was established by the American Rescue Plan Act of 2021 and will provide \$7.17 billion to support the reasonable costs of the purchase of connected devices (i.e., laptop and tablet computers), Wi-Fi hotspots, modems, routers, and broadband connectivity for off-campus use to serve the unmet needs of students, school staff, and library patrons during the COVID-19 emergency period. The 45-day application filing window is now open and will close at 11:59 p.m. EDT on **August 13**. During this application filing window, eligible schools, libraries, and consortia of schools and libraries, will be able to submit requests for funding to purchase eligible equipment and services received or delivered between July 1, 2021 and June 30, 2022.

Prior to, or during, this event, questions can be submitted by sending an email to ECFwebinar@fcc.gov.

Open captioning will be provided for this event. Other reasonable accommodations for people with disabilities are available upon request. Requests for such accommodations should be submitted via e-mail to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice). Such requests should include a detailed description of the accommodation needed. In addition, please include a way for FCC staff to contact the requester if more information is needed to fill the request. Last minute requests will be accepted but it may not be possible to accommodate the request.
