Pursuant to our procedure for resolving requests for review, requests for waiver, and petitions for reconsideration of decisions related to actions taken by the Universal Service Administrative Company (USAC) that are consistent with precedent (collectively, Requests), the Wireline Competition Bureau (Bureau) grants, dismisses, or denies the following Requests.¹ The deadline for filing petitions for reconsideration or applications for review concerning the disposition of any of these Requests is 30 days from the release date of this Public Notice.²

CC Docket No. 02-6

Dismissed as Moot³

¹ See *Streamlined Process for Resolving Requests for Review of Decisions by the Universal Service Administrative Company*, CC Docket Nos. 96-45 and 02-6, WC Docket Nos. 02-60, 06-122, 08-71, 10-90, 11-42, and 14-58, Public Notice, 29 FCC Rcd 11094 (WCB 2014). Sections 54.719(b) and 54.1718(a)(1) of the Commission's rules provide that any person aggrieved by an action taken by a division of USAC, after first seeking review at USAC, may seek review from the Commission. Sections 54.719(c) and 54.1718(a)(3) of the Commission's rules provide that parties seeking waivers of the Commission's rules shall seek review directly from the Commission. In this Public Notice, we have reclassified as Requests for Waiver any appeals seeking review of a USAC decision that appropriately should have requested a waiver of the Commission's rules. Similarly, we have reclassified as Requests for Review any appeals seeking a waiver of the Commission's rules but that are, in fact, seeking review of a USAC decision.

² See 47 CFR §§ 1.106(f), 1.115(d); see also 47 CFR § 1.4(b)(2) (setting forth the method for computing the amount of time within which persons or entities must act in response to deadlines established by the Commission).

³ See, e.g., *Requests for Review of Decision of the Universal Service Administrator by Diversified Computer Solutions, Inc.; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 27 FCC Rcd 5250, 5251, para. 3 (WCB 2012) (*Diversified Computer Solutions, Inc. Order*) (dismissing appeals as moot where invoicing records demonstrate that the entity was fully compensated for the requested funding and all submitted invoices funded).

⁴ See, e.g., *Requests for Review and/or Requests for Waiver of the Decisions of the Universal Service Administrator by Al Noor High School et al.; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 27 FCC Rcd 8223, 8224, para. 2 (WCB 2012) (*Al Noor High School Order*) (dismissing as moot requests for review where USAC has taken the requested action).

⁵ See, e.g., *Requests for Waiver and Review of Decisions of the Universal Service Administrator by Allan Shivers Library et al.; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 29 FCC Rcd 10356, 10357, para. 2 (WCB 2014) (*Allan Shivers Library Order*) (dismissing petitions for reconsideration that fail to identify any material error, omission, or reason warranting reconsideration, and rely on arguments that have been fully considered and rejected by the Bureau within the same proceeding).

On reconsideration, Sayre Independent School District 31 raises a new argument that the illness and eventual death of its technology director's family member contributed to the late FCC Form 471 filing. Trillium Charter also raises a new argument that the person responsible for the E-Rate application had a long-term illness and returned to her position in April to complete the FCC Form 471 application. Our rules state that a petition for reconsideration will be entertained only if the petition relies on facts or arguments that have changed or were unknown to the petitioner when it previously filed at the Commission. Because Sayre Independent School District 31 did not make this argument when it first filed the waiver request with the Commission on April 29, 2025, or when it filed its first petition for reconsideration on June 30, 2025, we dismiss the petition because it relies on an argument that was not raised previously. We similarly dismiss Trillium Charter's petition because it also failed to make this new argument when it first filed its waiver request with the Commission on April 15, 2025. See 47 CFR § 1.106(b)(2), (c)(2) (stating that a petition for reconsideration will be entertained only if the petition relies on facts or arguments that have changed or were unknown to the petitioner when it previously filed at the Commission, unless it is required in the public interest). As an alternative and independent basis for rejecting these petitions, we also deny the petitions on the merits. While we are sympathetic to the argument raised by Sayre Independent School District 31, the Commission has only waived the FCC Form 471 application filing deadline for delays caused by the illness of a family member when the application was filed within 30 days of the deadline. We are also sympathetic to the argument raised by Trillium Charter, but the Commission has only waived the FCC Form 471 application filing deadline in cases where the illness was unexpected. Because the employee's illness started in December 2024—many weeks before the March 2025 application deadline—the school had ample time to make other arrangements for filing its E-Rate application. For these reasons, we dismiss these Petitions for Reconsideration.

⁶ We remand these applications to USAC and direct USAC to complete its review of the applications and issue a funding decision based on a complete review and analysis, no later than 90 calendar days from the release date of this Public Notice. In remanding these applications to USAC, we make no finding as to the ultimate eligibility of

the equipment/services or the petitioners' applications. We also waive sections 54.507(d) and 54.514(a) of the Commission's rules and direct USAC to waive any procedural deadline that might be necessary to effectuate our ruling. *See* 47 CFR § 54.507(d) (requiring non-recurring services to be implemented by September 30 following the close of the funding year); 47 CFR § 54.514(a) (codifying the invoice filing deadline rule).

⁷ We grant Florida Department of Management Services' appeals because we find that the initial procurement process gave sufficient notice to all potential bidders that it was seeking bids on a multi-year master contract for services statewide, even if the accompanying request for proposal (RFP) in subsequent years did not precisely match the state entities requesting services. The Bureau has previously granted relief in situations where entities were omitted and in situations where the RFP was not disclosed on the FCC Form 470 when finding the underlying competitive bidding process was not compromised. *See, e.g., Streamlined Resolution of Requests Related to Actions by the Universal Service Administrative Company*, CC Docket No. 02-6, WC Docket Nos. 02-60, 06-122, Public Notice, 35 FCC Rcd 645, 646, n.5 (WCB 2020) (*June 2020 Streamlined Request Resolution Public Notice*) (granting an appeal after finding that all potential bidders had access to the same information, including information about five prospective locations that had been inadvertently omitted from one list but included in other lists to which all bidders had access); *Requests for Review of the Decisions of the Universal Service Administrator by Green Bay Area Public School District; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 25 FCC Rcd 17036, para. 1 (WCB 2010) (*Green Bay Area Public School District Order*) (granting relief after finding that all bidders had access to the same information during the competitive bidding process via the FCC Form 470 despite the school district's failure to indicate that it had issued a separate request for proposal for the services at issue because all interested bidders had received copies of the RFP).

⁸ *See, e.g., Petitions for Reconsideration by Callisburg Independent School District; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order and Order on Reconsideration, 28 FCC Rcd 9459, 9461, para. 5 (WCB 2013) (*Callisburg Independent School District Order*) (granting petition for reconsideration where, upon reconsideration of the record, we do not find that the evidence supports our prior decision); *Requests for Waiver and Review of Decisions of the Universal Service Administrator by Abbotsford School District et al.; Schools and Libraries Universal Service Support Mechanism*, CC Docket No. 02-6, Order, 27 FCC Rcd 15299, 15300, para. 2 (WCB 2012) (*Abbotsford School District Order*) (granting waiver where the applicant filed within a reasonable period after the close of the application filing window despite delays beyond its control).

we rely on E-Rate program precedent to resolve these petitions for waiver of the Emergency Connectivity Fund program rules. We note that the Commission adopted a shortened waiver and appeal timeframe of 30 days in the Emergency Connectivity Fund Program due to the short-term, emergent nature of the program. *See* 47 CFR § 54.1718; *Emergency Connectivity Fund Report and Order*, 36 FCC Rcd at 8740, 8746, paras. 90, 107 (2021).
